ANNOUNCEMENT.

JUDGE T. F. HARGIS,
CANDIDATE FOR
Judge of Court of Appeals.

FOR CIRCUIT JUDGE.

We are authorized to announce Wellington A. Cunningham, of this city, as a candidate for Circuit Judge, to fill the vacancy rendered by the resignation of Judge Ben. F. Buckner. He respectfully submits his claims to the Democracy.

Scott county is said to be "O. K." for Col. Cunningham for Circuit Judge.

The 4th of July and it's too pistol horrors, is beginning to stare the little boys in the face.

The accomplished shoemaker of the great eventually, is at work on a pair No. 7. golden slippers for Ellis Craft.

The Mississippi river is on another high horse, and the southern plantations are in great danger of being inundated.

The Democrats of Ohio could have nominated no man who is better equipped for an active and spirited campaign than Judge Hoadly.

Every living thing was created for a purpose. Even those Paraguay Indians with tails might be brought north and converted into dudes.

VANDERBILT has had a stroke of paralysis. Now this will make Jay Gould envious, and he will get him a couple of strokes if he can find them.

The editor of the Lexington Transcript wants the Broom Brigade to straddle their brooms and ride at the fair. If the do, we'll try to be there.

A ZEALOUS friend of Hon. Ira Julian, of Franklin county, predicts that he will be the successor of Joe Blackburn in the Congress of the United States.

WHEN Mr. Jones becomes United States Senator, money buys it, then Proctor Knott will have retired from the United States Presidential chair.—[Henderson Sentinel.]

THE New York World sums up the result of the Star-route trials as follows: "A damaged treasury, four injured administrations, six ruined characters, two spoiled orators and an anal colonized jurymen."

ENEMY man who has a dog had better be on the lookout for a day for it, for dogs days will soon be passing around. As there are more dogs than days, the presumption is that many dogs will go without one.

BULL FROGS have gone to "snipe shooting" in opposition to the boot-blacks of Lexington, but they immediately spit them out when they pick up "hit" ones through mistake for lightning bugs. The Transcript is responsible for this lie.

Is commenting on the nomination of Judge Hoadly, for Governor, by the Ohio Democrats, the New York Herald (Rep.) says: "The Herald offers its respectful congratulation to Ohio Democrats. They have made a platform on which citizens desirous of honest government can stand, and have nominated a man fairly and fully representing the policy. The platform is mainly, and in its essential points, a careful statesman of correct policies."

It cost one million dollars to prosecute the Star route thieves, and when one even confessed to being guilty, the jury said he was not. Thus it appears that national jurors can be as unprincipled and as mercenary as those in the rural districts.

SENATOR VEST, of Missouri, had a narrow escape from death a few days ago. He was alone in a bathroom at Hot Springs, when from some unknown cause he became insensible. His condition was discovered in time to prevent death from drowning, and he is now much improved.

SENATOR VOORHEES has been interviewed on the tariff and things in general. He says it is a lie that McDonald and Hendricks don't speak, that they are on the most cordial terms, and were locked in a room for three hours the other day. McDonald is a candidate in the fullest sense of the word for President, and Hendricks is not a candidate by any means. He thinks that Hoadly will win Ohio easily, but not so easily as Ward would have won. Also that if the tariff plank is left out of the platform, the Democracy will win in 1884.

EUGENE HUTSELL, of the Lexington Guards, won the gold medal for long range, and silver center for short range, in the target shooting at Lexington Friday.

MR. J. FREIDMAN, brother of the merchant of this city, and lately an emigrant from Germany, has made several thousand dollars within the last few months in cutting fancy letters and designs for business signs from a beautiful white wood with a scroll saw. He made a sign for Lancaster Box, which is sixteen feet in length, at a cost of \$27, which is highly ornamented with figures and fancy designs, and is the prettiest sign in this city. A smaller one of rare beauty can be seen in the window of J. L. Taylor & Co.

The last spike (an iron one covered with tin foil) of the K. C. extension was driven yesterday at noon, by Miss Clara Bacon, in the presence of a large delegation of spectators. After which, the locomotive gave prolonged screams from the whistle and editor McChesney made a speech. None being under guard but the poor convicts, they with the guards, had to stand the punishment, the citizens having fled. This was a very unjust and cruel treatment to the convicts, and our best talent here claim that they should have recourse by suing for damages.

Thomas Sale, City Passenger Railroad Company, Louisville, says: "I find Brown's Iron Bitters to be a valuable remedy for neuralgia."

The convicts were treated to a dram and a fine dinner, by the citizens yesterday at the fair grounds.

Failing!

That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each night they grow worse.

The only sure remedy yet found is Brown's Iron Bitters, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why BROWN'S IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

205 S. Paca St., Baltimore.
I was a great sufferer from Dyspepsia, and for several weeks could eat nothing and was growing weaker every day. I tried Brown's Iron Bitters, and am happy to say I now have a good appetite, and am getting stronger.

Boyle's Revolving Barrel Churn.

Boyle's Revolving Barrel Churn, with out dash or paddle has accomplished a revolution in butter-making. It will make more butter out of the same amount of cream and a better quality with less labor than any other churn. A boy can churn ten gallons of cream with ease. It is suspended on its journals, and as it revolves, the cream falls from end to end, and the agitation being equal throughout the whole mass, the globules all separate at the same time and are preserved to a larger per cent. than by the old process. It follows that no half churned cream is left in the butter milk, or to mix with the butter, which would give it a bad appearance, the dead cream would injure its keeping quality and decrease its value. The cream acts upon the inner round surface of the barrel, and the butter is made by concussion and not by friction. The butter is easily removed, and being air tight, the atmosphere is excluded, thereby holding the cream at proper temperature. I am the agent for this churn for the State of Kentucky, and any one wanting to buy a churn of country right can find one for the present at Thos. Phillips' meat store.
JE23-1m SELBY LILLESTON.

In commendation of the Boyle Revolving Barrel Churn, the following well-known gentlemen of Paris and Bourbon county, speak as follows:

It is easily worked and churns perfectly, bringing butter in twelve or fifteen minutes; it gubbers perfectly and it is easily cleaned.
W. W. MANSIE.

I consider it superior to any other I ever tried. It will make more butter and quicker, with less labor than any other churn.
J. L. TRUNDLE.

Have used it three years; it is the best I ever used. It requires less labor in working and cleaning than any. Mine makes itself each year in the increase of butter.

ATTENTION, HORSEMEN!

We call the attention of the farmers and breeders of horse stock, that I breed at my place, horses for beauty and symmetry as well as for trotting purposes. If a careful inspection is due to the sire and offspring of day horses, I would then most respectfully call attention to Calliban and his offspring—some ten or twelve of which can now be seen at my stable. Calliban will be permitted to serve a limited number of mares the coming season, offered by first-class men, (no others need apply,) at \$25 to insure.

Calliban has a record of 2:34, and in the opinion of such horsemen as Dr. L. Herr, he could have trotted as well or better than 2:30 on the day which he recorded. Two Calliban's yearling colts showed better than a four minute gait on my indifferent track last Spring.

I will call the attention to the fact that Mambrino Chief, with the Pilot and Clay cross, has produced some of our most noted horses. I breed for speed as well as sixteen-hand high horses, high style and rangy.

Calliban is the sire of Orydone and Coaster, both with records better than 2:27.
